

Podotech Foot Impression Foam

Date of printing: 22.11.2018

1. Substance / preparation and company name

Trade name of the product: Podotech Foot Impression Foam

Information on the manufacturer / supplier:

Company: A. Algeo Ltd., Sheridan House, Bridge Industrial Estate, Speke Hall Road, Liverpool,
L24 9HB, United Kingdom
Tel: +44 (0)151 448 1228
Fax: +44 (0)151 448 1008
Email: info@algeos.com

Emergency information / emergency number: +44 (0)151 448 1228 - Mon-Fri 09.00-17.00

2. Composition / information on ingredients

Chemical characterization (preparation)
Acid-cured resole foams (phenolic resin hardened)

Hazardous ingredients:

The product does not contain harmful components as defined in the directive
67/548 / EEC and TRGS 900.

3. Possible dangers

Not known

4. First aid measures

First aid measures / General information: None

First aid measures / skin contact: Wash off dusts with soap and water

First aid measures / after eye contact: In case of contact with eyes, rinse thoroughly with
water

First aid measures / ingestion: Seek medical treatment

Podotech Foot Impression Foam

Date of printing: 22.11.2018

5. Fire-fighting measures, suitable extinguishing agents:

- Carbon Dioxide
- Water Spray
- Water Spray

For safety reasons unsuitable extinguishing agents: Additional information (chapter 5).

6. Accidental Release Measures

Security measures related to persons:

- Ensure adequate ventilation
- Avoid dust formation

Environmental precautions:

- Do not empty into drains / surface waters / groundwater

Process for cleaning / absorption: Material should be disposed of properly

7. Handling and storage

Handling: Only use in well-ventilated areas.

Information about fire and explosion protection: No special actions required

Storage: No special actions required however protect from moisture and direct sunlight

Podotech Foot Impression Foam

Date of printing: 22.11.2018

8. Explosion limitation and personal protective equipment

Components with workplace-related limit values to be monitored:

CAS-No. Type Value Unit Tips: H S SGR Cancer. Erbg.

Designation according to EC guideline: None

Abbreviations:

H = skin resorption

S = sensitization

SGR = pregnancy group

Cancer. = Cancer group

Erbg. = mutagenic, group

Personal protective equipment

Respiratory protection:

Hand protection:

Eye protection:

General protective measures:

- Avoid contact with eyes and skin
- Do not breathe dust / smoke / aerosols

Hygiene measures: Do not eat, drink, smoke, or inhale while working

9. Physical and chemical properties

Form: solid

Color: pink to dark brown

Odour: almost odourless

Podotech Foot Impression Foam

Date of printing: 22.11.2018

10. Stability and reactivity

Dangerous reactions: No dangerous reactions known

Hazardous decomposition products: No dangerous decomposition products known

Thermal decomposition: Thermal decomposition / Remarks - stable at ambient temperature

11. Toxicological information

Acute toxicity - Toxicological data not available

12. Ecological information

General information / ecology: Do not discharge product into the environment

13. Disposal considerations

Must be disposed of in accordance with local regulations.

Waste code No.: 571 01 Phenolic and melamine resin wastes (LAGA)

Packaging: Corrugated cardboard can be recycled.

Disposal / uncleaned packaging: Non-cleanable packaging must be disposed of in the same way as the material

14. Transport information

Land transport ADR / RID and GGVS / GGVE

Inland waterway transport ADN / ADNR

Sea transport IMDG / GGVSee.

Air transport ICAO-TI and IATA-DGR

The product is not subject to the above transport regulations.

15. Regulations

Identification:

EEC label - The product is not according to EC directives / the respective national laws

Classified.

Symbols: None

R phrases

S phrases

National regulations

Podotech Foot Impression Foam

Date of printing: 22.11.2018

Classification according to VbF: not subordinated

Water hazard class / Source: WGK 1, Weakly water polluting substances
self-assessment

16. Other information

Additional Information:

Changes / text additions - Changes in the text are marked on the margin with an asterisk (*).

Added lines of text are marked with a cross (+) at the margin.

The following abbreviations have been used in the text:

na = not applicable

nv = not available

Lö = soluble

nl = not soluble

mi = miscible

With the above information, which correspond to the current state of our knowledge and experience, we want to describe our product on any security requirements, but do not associate any assurance of quality. There is no guarantee for flawlessness and completeness
